

STACKING SERVICE IN TRELLEBORG

Explanation of the Container and Trailer Stacking Service at the port of Trelleborg.

Customers can book a stacking service with TT-Line to get two trailers lifted on one Trailer by Trelleborg Hamn, which will then be shipped. The driver will have to assist and secure the cargo himself.

Booking procedure

Simply book your freight unit via our innovative [online booking tool](#). Then send an e-mail to freightbooking.se@ttline.se with the following information:

- Trailer Stacking in the Subject Line
- Booked unit (Reg. No. & Booked Route/ Departure)
- Reg. No. of the trailers to be stacked
- Estimated Delivery time of the units

Check-In procedure

The Stacking Service is available for the customers during opening hours of the Kombiterminal:

Monday to Sunday from 6 am until 11 pm.

The driver with the booked unit reports to the Check-In in Trelleborg (Standard Check-In procedure) and enters the harbor via the photogate.

The drivers delivering the to be stacked trailers report at the Servicegate (next to Photogate) and will get access after informing that they deliver Stacking trailers.

All will have to go to the Kombiterminal area (next to Berth 10), where the trailers will then be stacked. The driver will assist and secure the cargo. The lorries delivering the stacking trailers will then exit the harbor and the booked unit can continue to the respective pre-stow on his boarding card.
