

Freight Check-In

<https://freight.ttline.com/checkin/>

Language Selection

- Choose from more than 20 different languages.

Select your Unit Type

- Select your unit type:
Do you transport an accompanied unit with driver or do you deliver only an unaccompanied unit?

Find your Booking

- Select your Departure Port.
- Enter your registration number. The registration number corresponds to the booking number.

4 Insert Transport Details

- Please fill in the missing fields.
- Specify the length, weight, and width of your freight unit.
- Please provide your name, gender and nationality. You can also specify other drivers.

5 Data check

- Please check the entered data.
- Please agree to the general conditions of carriage, confirm that your data has been entered correctly and that your cargo is properly secured.

6 Freight Check-In completed

- Your Check-In is finished now.
- Please drive to the pick-up station in the harbour and scan this QR code or enter the pin. You will then receive your boarding passes.

7 Check-In at the Pick-up station

- At the pick-up station in the departure port, scan the QR code or alternatively enter the pin via the number field.
- Afterwards you will receive your boarding pass and can drive to the pre-storage area and wait comfortably for your departure with TT-Line.
